Sugar And Steel Against The Railroads

A BATTLE BETWEEN GREAT TRUSTS OVER FREIGHT RATES FOR SUGAR ON THE WESTERN LINES—RAILROADS HELD UP BY THE STEEL TRUST REBEL AGAINST THE PAYMENT OF HIGH PRICES.

CHICAGO, August 3.—Two of the great trusts of the country have found an opponent of their own magnitude at last. There is a fight on between the steel and the sugar combines and a combination of the Western railroads.

The declaration of war reached the Chicago representatives of the big trusts today, following a meeting of the railroad freight agents yesterday. It was simply to the effect that hereafter the products of the two concerns named must pay the full freight tariffs without any rebate, secret or open, on all Western lines.

It was not the freight agents who promulgated the decree against the two monopolies; they were only the mouthpieces for the highest railway officials in the country and it is claimed the decision was arrived at after long deliberation, and that it is backed by an ironclad agreement to which every trans-Mississippi road in the country is a party.

The notice of the revocation of all rebates to the sugar trust was given yesterday. "Hereafter," it is claimed the agents said, "the sugar companies will be considered as ordinary shippers on all Western lines," and then refused to hear the arguments of the trust representatives as to why special rebates should be continued.

Among the railroad men the ten-point jump today in the prices of all grades of refined sugars by both the Spreckels and the Arbuckle crowds is thought to be the direct result of the action of the railroads, to compensate advance in freight rates the revocation of rebates means.

For years the railroads have been held up by the steel trust, practically at the mouth of a cannon, for outrageous prices, paying \$28 a ton for the same rails that have been sold in Russia, Germany and anywhere over seas for \$20 a ton. They have grown tired of the robbery.

YOUNG MEN'S CLUB WON

HILO, August 12.—The Young Men's Republican Club swept the boards at the Republican primaries held on Saturday wherever they had a ticket in the field. The candidates not on the slate of the club received the lowest vote in every instance, and many of the old stalwarts of the party like Philip Peck, Joe Vierra and James D. Lewis went down in defeat before the splendid organization of the young Republicans. Word was passed along the line to vote only for those candidates who had been agreed upon at the meeting of the club, and the result showed the force of this new factor in politics.

The result of the election throughout the district, is as follows:

Delegates to the Territorial Convention: Puna, H. J. Lyman; Olaa, J. F. Clay; Waialea, John Bohnenberg, John T. Brown, M. K. Kealawa; Hilo, Charles Akau, C. S. Smith, S. L. Desha, L. A. Andrews, M. FIVE BATTLESHIPS DAMAGED

Washington, August 13th, 1904.

(Received at 8:55 a. m.)

To Mr. Saito, Honolulu:

Admiral Togo's report runs as follows: "Of six Russian battleships engaged in the battle of August 10th five are believed to have been seriously damaged. The Pobieda's both masts were broken and her big guns ceased working. The Retvizan apparently suffered most, owing to our concentrated shells at the distance of 3500 metres. The damages of the enemy's cruisers seemed probably less serious. The Bayan did not emerge from Port Arthur. Our damages are already temporarily repaired."

(Received at 9:25 a. m.)

"According to a telegram from Chefoo, two Russian destroyers stranded twenty miles east of Weihaiwei on August 11th."

NAVY DEPARTMENT ESTABLISHING A COAST WIRELESS STATION TO CONNECT HERE.

WASHINGTON, August 5.—The Navy Department is making arrangements to send wireless messages 2,100 miles. The Naval Bureau of Equipment will establish and equip a wireless station at Farallone Islands, off San Francisco, where the weather bureau has been maintaining an inferior station. It is proposed to equip the naval station with the best apparatus. This is due to the recommendation of the wireless telegraph commission, the report of which has been approved by the President.

While it is altogether too early to anticipate very much in the direction of long distance work it is within the range of possibilities to send messages between the naval station at Farallone and Honolulu, distance of 2,100 miles. The bureau is also establishing a station on board the lightship at Nantucket about.
